NOTICE OF PUBLIC HEALTH RISK – MOBERT RESIDENTS WHO HAVE RECENTLY TRAVELLED TO TORONTO

It has been reported to our First Nation that **Dale Desmoulin** and **Daniel Desmoulin** have recently returned from an unauthorized trip to Toronto.

Be aware that Toronto is the “hot-spot” for the COVID-virus in Ontario, with over 75% of cases originating out of the Greater Toronto area.

These persons have broken our by-laws and are deemed trespassers.

All citizens of Moberg are strongly encouraged to not make contact with either of them. If you do, you will be required to go into self-quarantine for 14 days, and for persons who work for us, you will not be permitted to report to work.

It is very shocking and disappointing that these people would disregard the health and safety of our citizens after months of sacrifices by all of us.

The pandemic is not over. The risks of serious illness and death remain.

This is all about the right for our people to remain safe.

Your cooperation is appreciated.
